PRINCIPAL’S MESSAGE

The Flour Bluff Intermediate faculty and staff welcome you to the 2019-2020 school year. We are looking forward to working with you and your child to give the best education possible.

Your child is going through some very critical years right now. This is the time when they are forming habits that will be with them for the rest of their lives. Therefore, it is important that we work together, as a team, to instill positive values and habits that will ensure them a successful future.

The administration and staff will be working with your child not only academically but also socially. **We will be stressing responsibility and good behavior.** In the past, I have had parents ask how they might help their child become more responsible for their education. The following suggestions are offered:

*Encourage punctuality to school.
*Stress to your child the importance of daily attendance.
*Set appointments so your child will not miss academic instruction.
*Stress to your child compliance with the campus dress code.
*Have your child show you his/her assignment sheet each evening.
*Be sure your child is keeping up with his/her homework.
*Monitor your child’s homework.
*Have your child read to you daily.
*Establish a routine so that homework, permission slips, etc. are not forgotten.
*If your child has a discipline problem you wish to know more about, please **do not hesitate to contact us.**
*If your child is having any problems you feel need to be addressed in a conference, please call the school counselor or teacher to schedule a meeting.

Thank you for allowing us to play an important role in your child’s life. Together we can give our leaders of tomorrow (your children) the best education possible. We are here to serve this community. Please do not hesitate to contact us if we can be of further assistance to you.

Respectfully yours,

IMPORTANT INFORMATION FOR PARENTS
As a parent of a Flour Bluff Intermediate student, you can expect various forms of communication regarding your child’s progress, which may include the following: table of contents in the organizational binder, e-mails, progress reports, report cards, letters, phone calls, and conferences. The Flour Bluff Intermediate School Student Handbook includes information on topics of particular interest to you as a parent, such as:

- School events and school-related groups that would welcome your attendance or participation;
- Information you may request about your child’s teacher and any instructional paraprofessional who works with your child in the Title I program;
- Your child’s grades and progress reports;
- State and local testing and promotion requirements;
- Records pertaining to your child and your right, under certain circumstances, to consent or deny their release;
- Conferences with your child’s teacher; and
- Procedures to follow if you have a concern that is not resolved by a conference.

ATTENDANCE AND TARDIES
Regular school attendance is essential for the student to make the most of his or her education—to benefit from teacher-led activities, to build each day’s learning on that of the previous day, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Attendance is taken every class period. Students that are picked up early or brought to school more than ten minutes late will be counted absent for the class periods that are missed.

When a student must be absent from school, the student (upon returning to school) must bring a note within 3 days, signed by the parent that describes the reason for the absence or the student must bring in a doctor’s note. A note signed by the student, even with the parent’s permission, will not be accepted. Students who have excessive tardies may be subject to lunch or afterschool detention.
Failure to Comply with Compulsory Attendance (Truancy)

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction (termed "accelerated instruction" by the state) assigned by a grade placement committee and basic skills for fifth graders; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in the court if the student:

• Is absent from school for ten or more days or parts of days within a six-month period in the same school year, or
• Is absent for three or more days or parts of days within a four-week period.

Parents must provide written documentation regarding the reason for the student's absence within 3 days of the absence. When a student's absence for personal illness exceeds four consecutive days, the student shall present a statement from a physician or health clinic verifying the illness or condition that caused the student's extended absence from school. If the student has established a questionable pattern of absences, the attendance committee may also require a physician or clinic's statement of illness after a single day's absence as a condition of classifying the absence as one for which there are extenuating circumstances. The campus principal will review and determine if the absence is excused or unexcused per board policy. [See FEC (LOCAL)]

The law requires specific notice to parents if their child has unexcused absences for three days or parts of days within a four-week period. This notice must:

• Inform the parents of their duty to monitor and require their child's attendance at school;
• Advise them of the possibility of prosecution for contributing to nonattendance;

• Request a conference between the parents and school officials to discuss the absences; [See Policy FEA] A court of law may also impose penalties against both the student and his or her parents, if a school-aged student is deliberately not attending school. For a student younger than 12 years of age, the student's parent could be charged with a criminal offense based on the student's failure to attend school. If a student age 12 through age 17 violates the compulsory attendance law, both the parent and student could be charged with a criminal offense. [See policy FEA (LEGAL)]

BREAKFAST

The Flour Bluff ISD Child Nutrition Department will continue to offer a complimentary breakfast for 5th and 6th grade students before school from 7:00 AM – 8:00 AM in the Cafeteria. The two-week cycle breakfast menu can be accessed on our district website.
BULLYING PREVENTION AND INTERVENTION

Bullying occurs when a student or group of students repeatedly directs written or verbal expressions or physical conduct against another student and the behavior results in harm to the student or the student’s property, places a student in fear of harm to himself or his property, or is so severe, persistent, or pervasive that it creates an intimidating, threatening or abusive educational environment.

The board has established policies and procedures to prohibit bullying and to respond to reports of bullying. [See Student Code of Conduct]. The Intermediate provides educational guidance activities to teach expectations and ways to handle concerns.

BUS TRANSPORTATION

Riding the school bus is a privilege. Students are expected to follow the rules to ensure the safety of all children on the bus. Bus drivers are authorized to assign seats. A student may lose the privilege of riding the bus as a consequence of misconduct. Bus conduct reports are sent from the transportation department to the principal’s office where appropriate action may be taken and parents will be notified. The Student Code of Conduct applies on the bus and at bus pick-up/drop-off areas. Animals or balloons are not allowed on the bus for safety reasons.

Bus routes and any subsequent changes are posted at the school. Further information may be obtained by calling the transportation department at 361-694-9704.

Transportation for students with disabilities will be made in accordance with the provisions of the student’s Individual Education Plan (IEP) for students considered disabled under IDEA or Section 504.

BUS TRANSPORTATION CHANGES

Transportation changes need to be written and signed by the parent or guardian. No child will be issued a pass to ride another bus unless we have a written parent request stating the date and the reason for the request. In some instances, we may call the parent to verify the request.

Your child will have a much better school day if they are clear on what you expect them to do after school before leaving home in the morning. Please do not tell them you will call the school later as they make many trips to the office (missing valuable instruction) to find out if you have called or not.
SCHOOL-WIDE BEHAVIOR EXPECTATIONS

What is PBIS?

Positive Behavior Intervention and Support Initiative (PBIS) is a system for behavior management. Efforts have been focused on ensuring that our school has effective and efficient systems in place surrounding the behavior of students. It involves teaching and promoting the desired behavior of students and how to effectively address inappropriate student behavior. Through using this system, we hope to decrease behavioral problems by reinforcing positive interactions, create a positive school climate for both the students and teachers, and increase academic achievement. PBIS is a system in which collaboration between home and school helps to achieve overall student success presently and in the future.

SUPER HORNETS:

Are Safe
Are Polite
Are Prepared
Follow Directions

Teacher Interventions

Intermediate teachers will take the necessary steps to maintain order and promote student learning in the classroom. Possible teacher interventions include the following:

- Verbal warnings
- Conference with student
- Parent conference
- Conference with administrator
- Time out
- Phone call to parent
- Conference with counselor
- Office discipline referral

Each teacher will keep a log outlining behavioral problems and interventions attempted for each student. This is called the Positive Behavior Tracking Sheet. Students take this home to be signed by parents every six weeks. Teachers will be implementing weekly incentives to encourage positive behavior.

Students committing major behavioral offenses will be sent to the office immediately.

Flour Bluff Intermediate will implement the guidelines set down in the District Student Code of Conduct. Students who do not respond to classroom/campus rules could be placed on a behavioral plan, which will be a collaborative effort of the student, teachers, parents, and administration.
PBIS Incentives include Super Hornet tickets, Stinger Club.

Super Hornet Tickets

“Super Hornet” drawings are held on a regular basis throughout the school year. This initiative allows students to earn a “Super Hornet” ticket when they are recognized for a particular action or behavior that exemplifies one or more of four basic expectations:

- Respectful
- Responsible
- Reliable

The above expectations should lend themselves to an organized and positive instructional setting. Consequences for not adhering to the above expectations will be handled in accordance with the Student Code of Conduct.

Stinger Club

Flour Bluff Intermediate has developed a behavioral management system that is designed to encourage appropriate behavior in school and create a positive environment for students and staff. The program, entitled “Stinger Club” is a collaborative effort between teachers, administrators, parents, and students. Students who choose to exhibit academic and behavioral responsibility throughout each six-week period will be eligible for the Stinger Club activity at the end of that six week period.

Requirements of maintaining membership in the Stinger Club include both behavioral and academic responsibility. Our goal is two-fold: 1) to encourage appropriate behavior while firmly communicating that disruptive and/or inappropriate behavior will not be tolerated; 2) to reward students who have met their academic obligations and to instill in them the idea that incomplete work is not an option. Any of the following incidences will result in the loss of Stinger Club eligibility for the current six-week period.

**BEHAVIORAL RESPONSIBILITY**

- Six disciplinary entries in the Positive Behavior Tracking Sheet from any one teacher
- More than twelve disciplinary entries total from all classes
- Office discipline referral
- *ISS placement

**ACADEMIC RESPONSIBILITY**

- More than three late assignments in any one subject**
- Any zeros

*ISS (in-school suspension)

** Late means that the assignment was not turned in by the date assigned by the teacher.

** Make-up work due to a student’s absence is not considered late until it passes the deadline as outlined in the Student Handbook.
CLASS STRUCTURE

Academics
The Intermediate has a block schedule that consists of Language Arts, Math, Science, Social Studies, and Physical Education/Fine Arts Elective. The staff at the Intermediate would like to encourage all parents to have their children read to them at least 15 minutes a day. Reading can be done anywhere. Suggestions for reading are as follows:

- Have your child read magazines, comic books, novels or newspapers.
- Ask your child to read computer program instructions or closed captions on the television.
- Encourage your child to read the directions for recipes, games, etc.
- When you are reading information, ask your child to help.

Fine Arts
All students receive instruction in Physical Education and Fine Arts per state standards. Fifth grade Fine Arts consists of Kaleidoscope I, while sixth grade Fine Arts consists of a choice of electives - Band, Kaleidoscope II, Choir, Spanish Cultural Arts and Oceans. All of the Fine Arts programs are one semester in length except for Band, Kaleidoscope II and Choir, which are each a one-year commitment. If students want to participate in Band in secondary school, they will need to begin taking it in the sixth grade.

Physical Education
All students are required to participate in physical education classes daily. A parental note is required if a student is unable to participate in physical activity for up to 3 consecutive days. A note from a physician is required for a student to be excused from physical activity for more than 3 days.

Students are required to:

- Wear athletic shoes with shoe laces (no dock shoes or boat shoes, example: Sperry’s)
- Long hair must be pulled back into a pony tail
- Exhibit good sportsmanship and positive behavior
- Participate daily

COMPUTER/TECHNOLOGY RESOURCES

To prepare students for an increasingly technological society, the District has made a substantial investment in technology for instructional purposes. Use of these resources is restricted to students working under a teacher’s supervision and for approved purposes only. Students and their parents will be asked to sign a user agreement (in the district handbook) regarding use of these resources; violations of this agreement may result in withdrawal of privileges and other disciplinary action.

Students and their parents should be aware that electronic communications (including e-mail) using district computers are not private and are monitored by district staff.
CONDUCT

Applicability of School Rules
As required by law, the District has developed and adopted a Student Code of Conduct that prohibits certain behaviors and establishes standards of acceptable behavior both on and off campus and consequences for violation of the standards. Students need to be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. To achieve the best possible learning environment for all students, the Student Code of Conduct and other campus rules of behavior will apply whenever the interest of the District is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities. The District has disciplinary authority over a student in accordance with the Student Code of Conduct.

CONFERENCES

If you wish to schedule a conference with your child’s teacher, please do so by calling or e-mailing the teacher. You may also e-mail or call the Intermediate counselor at 694-9452. The teacher or counselor will contact you to set up a conference.

CONFISCATED ITEMS

Students are discouraged from bringing valuable items to school. If an item should be confiscated, it will be kept in the office. It may be reclaimed by a parent up to two weeks after school ends. After that time, the item will be disposed of or given to charity. The district is not responsible for lost, misplaced or stolen items.

COUNSELING SERVICES

Flour Bluff Intermediate School has one full time counselor on hand. The Intermediate counselor helps to empower all children to exercise their ability to resolve conflicts and make the best decision possible with the assistance of the counselor as a facilitator. The counselor will go into the classrooms two times per weeks to present lessons on topics such as bullying prevention, goal-setting, internet safety, anger management and many other crucial aspects of a balanced counseling curriculum. The counselor also provides a range of services including:

- Individual counseling
- Peer mediation
- Small group counseling sessions
- Parent consultation
- Abstinence education
- Schedule changes
- Pre-registration procedures
- Assessment
Flour Bluff Independent School District
2019-2020 Dress Code

The District’s dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Dressing and grooming standards are considered an essential part of the educational process. All students are expected to dress and groom themselves neatly in clothing suitable for school activities.

The school has the right to ask a student to change his/her dress or personal grooming habits if it is deemed inappropriate or disruptive to the educational environment. Repeat violations of the dress and grooming code shall be considered defiance of authority and may result in disciplinary action as described in the Student Code of Conduct. Administrators will make the final determination as to what constitutes appropriate attire. Parents who have difficulty providing clothing or shoes for their children should contact the campus counselor for assistance.

Standardized Dress Code Guidelines apply for Elementary, Intermediate and Junior High School students in addition to the FBISD Dress Code. SDGC has additional requirements to the FBISD Dress Code, which are communicated in the SDGC Student/Parent Handbook. Extracurricular activities may require special dress requirements. The principal’s judgment will determine whether any items of dress, mentioned or not mentioned in the District or a campus dress code, will be considered inappropriate school attire.

In addition to the District Dress Code, the following campuses have requirements.

ALL STUDENTS MUST ABIDE BY THE CAMPUS AND DISTRICT DRESS CODE GUIDELINES.

Standardized Dress Requirements at Elementary, Intermediate and Junior High

In an effort to teach expectations for dress at ages where students generally begin selecting their own clothing and where students tend to mature physically, a standardized dress code has been implemented for grades 3-8.

All clothing must be in solid colors.

Pants/Shorts/Slacks/Jeans/Denim/Skirts/Dresses/Skorts

EARLY REMOVAL OF STUDENTS
Occasionally, parents or guardians find it necessary to check out students during the day. The office staff checks the child’s enrollment card to verify which adults have permission to take the child. Everyone must show proper identification to check the child out of school. If there is a court order denying or granting visitation privileges, that documentation MUST be a part of the child’s permanent record. A student will not be released to anyone that is not listed on his/her enrollment emergency card or an order of the law.
Every time your child is taken out of school early, he or she misses valuable learning time. If your child must leave school early on a regular basis for some type of medical condition, please see a campus administrator. Documentation from a doctor will be required.

**ELECTRONIC DEVICES**

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must be powered down and placed in lockers during the instructional day. A student must have approval to possess other telecommunication devices such as netbooks, laptops, tablets, or other portable computers.

The use of mobile telephones or any device capable of capturing images is strictly prohibited while at school, school-related or school-sponsored events, and while riding in district transportation.

If a student is found to be in possession of any electronic device not permitted by the campus, the device will be confiscated and a fee of $15.00 will be assessed. A parent will be responsible for the fee and the device.

**EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS**

Participation in school and school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students. Participation is a privilege, not a right.

Eligibility for participation in many of these activities is governed by state law as well as rules of the University Interscholastic League (UIL)—a statewide association overseeing inter-district competition.

Any student that is placed in ISS on the day of an activity or event will not be allowed to participate in that school sponsored activity or event.

**FIELD TRIPS**

Periodically, students will be going on field trips with their class or grade level. **Students who do not have signed permission slips will not be allowed to go.** The field trip permission form is provided at registration. Trip information sheets are sent home with specific details as the time of the trip approaches. Permission slips are a necessary protection for the school and provide valuable information about your child in the event of an accident or problem. **VERBAL PERMISSION OVER THE PHONE WILL NOT BE ACCEPTED AS PERMISSION TO ATTEND THE EVENT.**

**GRADING POLICIES**

**Student Progress Reports and Report Cards**

Student progress reports are to be given to all students every three weeks. They are to be handed to the students no later than the Wednesday of the fourth week of the six weeks, unless otherwise notified. A minimum of
twelve numeric grades will be taken in ELA, Science, Math, and Social Studies every six-week grading period consisting of daily assignments, projects, quizzes, tests, etc. Alternative assignments are used at the teacher’s discretion based on a student’s needs. Report cards will be given to students during the week following the end of the six weeks (with the exception of the last six weeks), unless otherwise notified.

**Promotion and Retention Standards**
Promotion to the next grade level shall be based on attaining the following:

- An overall average of 70 or above for all subject areas, which shall be derived by averaging the final score for Language Arts (Reading, Language Arts, Spelling), Mathematics, Science and Social Studies;
- An overall average of 70 or above specifically in Language Arts and Mathematics, and;
- Reading at the student’s grade level.

**Re-teaching/Reassessing** - Tutoring is offered up to 5 days per week for re-teaching and reinforcement. **In addition, 5th grade students will be required to pass the STAAR (State of Texas Assessments of Academic Readiness) Mathematics and Reading sections as a requirement for promotion.**

**HOMEWORK POLICY**

**Homework Assignment Categories**
1. Homework is assigned as **Independent Practice** that reinforces the lesson and improves student performance.
2. Homework may be assigned as **Make-up Work** for absences. _One class day to make up work is allowed for each day of absence._
3. Homework is for **Short-term Assignments** and **Long-term Projects**.
4. Homework is to **review for tests and benchmarks**.
5. Assessments are given to evaluate students’ progress and needs. These scores are averaged into the six-week’s grades.
6. Homework is to be graded and returned to the student.

**Homework/Late Work:** (Not due to absences)
1. Incomplete daily work and homework assignments are due at the beginning of the next regularly scheduled class meeting. If not turned in at this time, they are considered late.
2. The student will receive credit for a late paper, with the highest possible score of an 89, provided the assignment is turned in no more than five school days late.
3. 70 is the highest grade one can earn if missing work is turned in between the 6th and 10th day.
4. 50 is the highest grade one can earn if missing work is turned in after the 10th day. (Teacher discretion will be used for extenuating circumstances.)
5. Homework may be coordinated with other teachers who have the same student.

**Redos:**
If a student receives a failing grade on an assignment in math, science, language arts, or social studies, the student may be given the opportunity to redo the assignment at the teachers discretion. The teacher may ask the
student to correct the original assignment or give the student an alternate but equivalent assignment to complete. The maximum grade a student may receive on a redo assignment is a 70.

**Student Responsibilities for Homework**

1. Ask for clear instructions whenever the assignment is not fully understood.
2. Write the assignment and the due date in their agenda.

Students are provided agendas to help stay organized. Many teachers count the agenda as a grade. The agenda is a good way for the parent to keep up with progress and to see what work the child should be completing.

**HONOR ROLL STANDARDS**

“A” Honor Roll - We will present an “A” Honor Roll certificate to those students who achieved straight “A” report cards for the year. (Through the 5th six weeks grading period).

“A/B” Honor Roll - We will present an “A/B” Honor Roll certificate to those students who achieved straight “A/B” report cards for the year. (Through the 5th six weeks grading period).

**LOCKS**

The school provides combination locks for students who have been issued lockers. The student is responsible for the lock and the cost **will be $5.00 if the lock is lost or broken**. No student will be issued a new lock until the $5.00 has been paid for the lost or broken one. Students are not allowed to bring their own locks to school. Students **will not** be allowed to use lockers **without a school lock**.

**LOST AND FOUND**

Lost and found items are turned into the office or gym. If a student is missing an item, he/she will need to go by the office or gym to claim the item. Items not reclaimed within two weeks after school ends will be disposed of or given to charity. The district is not responsible for lost, stolen, or misplaced items.

**LUNCH SCHEDULE**

5th and 6th grade scheduled lunch times will be from 10:50 – 12:55 (30 minute intervals). Parents/Guardians when bringing lunches to students only bring food for your child, not other students.

**MESSAGES FOR STUDENTS AND TEACHERS**

If you need to get a message to your child, please call as soon as possible to enable us to have it ready to be delivered by office personnel **at 10:00 a.m. or 2:00 p.m.**. The message will not be delivered immediately unless it is an emergency. Interrupting the classroom during instruction is kept to a minimum. Please call the school **before 2:00 p.m.** to help insure your child receives the message.
OFFICE TELEPHONES

The teachers have access to telephones throughout the school. If your child requests to call home for any reason, it will be up to the teacher to decide if it is something that can wait or if they should take care of it immediately. Bringing materials to school is not always an emergency. By working together to instill responsibility in students, there should be very few times a parent has to bring something to school for the student.

PERFECT ATTENDANCE

In order to be eligible for the Perfect Attendance All Year award, students must attend school every period of the day. We take attendance every class period. Students must be present every period or the student will be counted absent. Students not present when attendance is taken, because of a doctor’s appointment, will not be counted absent if they attend school that day and have a note from the doctor documenting the appointment.

( RECESS) BRAIN BREAK

All Intermediate students will take a 20 minute Brain Break daily.

RELEASE OF STUDENTS FROM SCHOOL

Because class time is important, doctor’s appointments should be scheduled, if possible, at times when the student will not miss instructional time. A student who becomes ill during the school day should, with the teacher’s permission, report to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student’s parent.

STUDENTS ACCELERATING IN INNOVATIVE LEARNING - S.A.I.L.

(Gifted and Talented Program)

The Flour Bluff Independent School District’s Gifted and Talented Program, S.A.I.L., is designed to serve identified students who need challenges and educational instruction beyond the regular classroom. The S.A.I.L. instructional program is differentiated to promote extension and enrichment for identified students.

Screening Procedures
1. Nominations are accepted at all times for the S.A.I.L. (Gifted and Talented) Program.
2. Students are nominated by anyone, including parents, staff, community members, or through self-nomination.
3. Students are assessed according to district timelines and procedures which are posted on each campus.
4. Each campus S.A.I.L. (Gifted and Talented) Committee meets to review assessment data, screen applicants, and to recommend placement of students for whom the S.A.I.L. program is an appropriate placement utilizing established criteria. Qualification is based on general intellectual ability, specific subject matter aptitude, and creative/productive thinking skills.

Parents receive notification regarding qualification. Students who qualify must submit a parent permission form in order to be placed and served.

**Furloughs**
A student or parent may request a temporary leave from the program of not less than one semester or more than one year for serious, extenuating circumstances. The student’s eligibility to re-enter the S.A.I.L. program shall be reviewed by the Intermediate campus committee at the end of the furlough period.

**Exit Policy**
The Intermediate campus committee may exit a student from the S.A.I.L. program upon the recommendation of the teacher and/or parent when the program fails to meet the student’s educational needs. Reasons for consideration of exit will include: evidence of working at a level of frustration, observable through performance and/or behavior; demonstration of clear inability or unwillingness to maintain the standards of program performance by maintaining a below satisfactory grade average for two six weeks or more; failure to participate in the program in the appropriate grade level and course offerings for the areas in which the student is qualified; and parent request for removal which is automatic. An Exit form requesting removal is signed and dated by the parent. Procedures for exit will include a parent conference, a counselor/student conference, and a dismissal review by the Intermediate campus committee to include input from the parent, teacher, and Intermediate campus administrator.

**Appeals**
Parents or students may appeal any final decision of the campus committee regarding selection for or removal from the S.A.I.L. program. Written notice of desire to appeal should be given to the campus administrator. Appeal shall be made first to the campus committee within 10 days of notification. The campus committee then meets and reviews the appeal and makes a decision. Any subsequent appeals shall be made in accordance with FNG (LOCAL) in Board Policy.

**SCHOOL FACILITIES**

**Cafeteria Services/Charge Policy**
The District participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. **Breakfast is free and lunch costs $2.55 for students and $3.50 for adults.** Free and reduced-price lunches are available based on financial need and must be applied for annually. Information about a student’s participation is confidential. Please ask for a free and reduced lunch application at the campus.

Library
The library is a learning laboratory with books, computers, magazines, and other material available for classroom assignments, projects, and reading or listening pleasure. The library is open for student use during the school day with a teacher permit. In addition, teachers take students to the library on a routine basis.

Vandalism
The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended – both this year and in the coming years – littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

SCHOOL NURSE

Medicine at School
At no time shall a student have in his/her possession any form of medication (non-prescription, prescription, herbal substances or dietary supplements.) All medication should be brought to school by a parent/guardian and is to be kept in the nurse’s office. A medical release form/letter from the parent/guardian giving a written request to administer the proper information must be signed by the parent/guardian giving authorized school personnel directions for its administration. The request must include the student’s name, date, name of drug, time and dosage required and must be signed by the parent/guardian. Please see the Student Code of Conduct. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policies at FFAC, may administer:
- Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request. The prescription must be current and not outdated.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified District employee from the original, properly labeled container. The prescription must be current and not outdated.
- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request. The medication must be current and not expired.
- Herbal or dietary supplements provided by the parent only if required by the student’s individualized education program (IEP) or Section 504 plan for a student with disabilities. The supplement must be current and not expired.
- The district will maintain and administer to a student nonprescription medication for emergency situations, but only:
- In accordance with the guidelines developed with an approved, licensed medical advisor, and
- When the parent has previously provided written consent to emergency treatment on the district’s form. The district and campuses do not maintain a regular supply of non-prescription medication. Parents are expected to supply the appropriate medication for their child.

The administration of any medication containing a narcotic is discouraged during school hours. If a student requires medication of this type for pain, it is recommended that he/she remain at home until a milder form of medication is indicated. It is highly recommended that parents do not administer narcotics before school due to safety issues at school.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events **only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider.** The authorization must be on file with the school nurse. The student must also demonstrate to his or her physician or health-care provider and to the school nurse, the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse and principal.

In accordance with a student’s individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. A student with diabetes who needs treatment or care at school must have a Diabetes Management and Treatment Plan (DMTP) developed by the physician and parent. A copy is to be provided to the school; from this, the principal, nurse, parent or guardian, physician, and teachers are to develop an individualized health plan for the student. The parent or guardian must sign an authorization for care to be given. See the school nurse or principal for information. [See policy **FFAF (LEGAL).**]

It is very important that each student has on file emergency physician and hospitalization information with current working numbers. Having the correct information on file will greatly assist personnel in contacting a parent or physician, if your child has an accident or becomes ill. If a student’s phone numbers change during the year, please immediately notify the campus office and nurse of the new number(s).

**SCHOOL SCHEDULE**

SEARCHES

Student Desks and Lockers

Students’ desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student. Students are fully responsible for the security and contents of the assigned desks and lockers. Students must be certain that the locker is locked, and that the combination is not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by District policy, whether or not a student is present. Such searches are conducted without a warrant and as permitted by law.

The parent will be notified of any infractions of the Student Code of Conduct.

SPECIAL PROGRAMS

For a list of the district’s special programs, please refer to the district handbook. The Intermediate offers programs according to district/state/federal standards. A minimum of one time each six weeks, each state tested subject area will be conducting an assessment. The assessment scores are used as part of the classroom’s grading system and also provide the teacher with valuable information about how the child is progressing in the learning of the Texas Essential Knowledge and Skills.

STATE ASSESSMENT

Students at certain grade levels will take state assessment tests (such as STAAR – The State of Texas Assessments of Academic Readiness) in the following subjects, as well as routine testing and other measures of achievement. STAAR testing includes the following:

- Mathematics, annually in grades 5 and 6
- Reading, annually in grades 5 and 6
- Science in grade 5

Students in grade 5 must pass the STAAR Reading and Math tests to be promoted to sixth grade. Students will have three opportunities to pass the STAAR Reading and Math tests – two during the Spring and one during the Summer.

STUDENT CHANGE OF CLASSROOM

If there is a problem, a parent may request a change in the classroom assignment through the principal. This will be allowed only once, and it will be done only if the reassignment will not affect the assignment of another student or adversely affect class sizes. Extenuating circumstances that might require a student changing teachers must be approved with the principal or assistant principal. Any classroom concerns should first be discussed with the teacher.
STUDENT COUNCIL OFFICER SELECTION PROCESS

The purpose of the Flour Bluff Intermediate School Council shall be to promote citizenship, strive for better communications throughout the school and community, promote school spirit, and provide a forum for student expression. Students are nominated and elected through homeroom classes. Each student council member must maintain a passing average in each subject to remain fully active.

1. All members are notified of the date for nominations for all offices.
2. Any member may nominate any other member for any office. The nominee may decline or withdraw anytime.
3. Nominees are notified of one or more opportunities to give a prepared speech outlining his or her qualifications.
4. After all nominees have had one opportunity to speak, ballots are prepared and given to all members.
5. Members mark the ballot for all officers and return the ballot to the sponsor’s box.
6. Sponsors count ballots and announce winners at the next meeting.

STUDENT FEES

Materials that are part of the basic educational program are provided with state and local funds and are at no charge to a student. Each student is expected to provide his or her own school supplies (see campus list) and may be required to pay certain other fees or deposits for specific materials/participation.

STUDENT OR PARENT COMPLAINTS AND CONCERNS

Most student or parent concerns can be addressed simply by a phone call or a conference. Should a concern arise, please first bring the concern to the teacher. If unresolved, or the concern is of a more serious nature, a request for a conference should be made with the Principal.

STUDENT SUPERVISION BEFORE AND AFTER SCHOOL

Students are encouraged to arrive no earlier than 7:00 a.m. All students should report to the cafeteria if arriving before 7:40 a.m. All students wishing to enter the building before 7:40 a.m. must have a pass. Parents must pick up students no later than 4:30 p.m. There will be no supervision for students waiting outside after 4:05 p.m.
STUDENT WITH EXCEPTIONALITIES OR SPECIAL CIRCUMSTANCES

Aiding Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts and open enrollment charter schools must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts and charter schools to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individual(s) listed below to learn about the school’s overall general education referral or screening system for support services. This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine if the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals:
If a parent makes a written request for an initial evaluation for special education services to the director of special education services or an administrative employee of the school district or open enrollment charter school, the district or charter school must respond no later than 15 school days after receiving the request. At that time, the district or charter school must give the parent a prior written notice of whether it agrees to or refuses to evaluate the student, along with a copy of the Notice of Procedural Safeguards. If the school district or charter school agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Please note that a request for a special education evaluation may be made verbally and does not need to be in writing. Districts and charter schools must still comply with all federal prior written notice and procedural safeguard requirements and the requirements for identifying, locating, and evaluating children who are suspected of being a child with a disability and in need of special education. However, a verbal request does not require the district or charter school to respond within the 15-school-day timeline.

If the district or charter school decides to evaluate the student, it must complete the student’s initial evaluation and evaluation report no later than 45 school days from the day it receives a parent’s written consent to evaluate the student. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If a district or charter school receives a parent’s consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30th
due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.
Upon completing the evaluation, the district or charter school must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the district or charter school in a companion document titled *Parent’s Guide to the Admission, Review, and Dismissal Process.*

Cómo ayudar a aquellos estudiantes que tienen dificultades de aprendizaje o precisan servicios de educación especial o de la Sección 504

Para aquellos estudiantes que tienen dificultades en el salón de clases normal, todos los distritos escolares y las escuelas autónomas de inscripción abierta deben contemplar servicios de tutoría y compensatorios, y otros servicios de apoyo académico o conductual que estén disponibles para todos los estudiantes, incluido un proceso basado en la Respuesta a la Intervención (RtI). La implementación de la RtI tiene el potencial de impactar positivamente en la capacidad de los distritos y escuelas autónomas de satisfacer las necesidades de todos los estudiantes con problemas.

Si un estudiante está experimentando dificultades de aprendizaje, sus padres pueden comunicarse con la(s) persona(s) mencionada(s) más abajo para obtener información sobre el sistema general de remisión o control de la educación general de la escuela para los servicios de apoyo. Dicho sistema vincula a los estudiantes con una variedad de opciones de apoyo, entre las que se encuentra la remisión para que se realice una evaluación de educación especial o una evaluación de la Sección 504 con el fin de determinar si el estudiante necesita asistencia, adaptaciones o servicios específicos. Los padres pueden pedir una evaluación para los servicios de educación especial o de la Sección 504 en cualquier momento.

Remisiones de educación especial:
Si los padres solicitan, por escrito, al director de servicios de educación especial o a un empleado administrativo del distrito escolar o de la escuela autónoma de inscripción abierta que se realice una evaluación inicial para recibir servicios de educación especial, el distrito o la escuela autónoma deben responder dentro de los 15 días lectivos después de haber recibido la solicitud. En ese momento, el distrito o la escuela autónoma deben entregar a los padres notificación previa por escrito respecto de si están de acuerdo o no en evaluar al estudiante, además de enviarles una copia de la Notificación de salvaguardas procesales. Si el distrito escolar o la escuela autónoma están de acuerdo en evaluar al estudiante, también deben darles a los padres la oportunidad de prestar su consentimiento por escrito para la evaluación.

Por favor tenga en cuenta que una solicitud para una evaluación de educación especial puede hacerse verbalmente y no necesita hacerse por escrito. Los distritos y escuelas “chárter” deben seguir cumpliendo con todas las notificaciones previas por escrito y los requisitos sobre las salvaguardas procesales de la ley federal para identificar, localizar y evaluar a los niños que se intuya puedan ser niños con alguna discapacidad y que necesite educación especial. Sin embargo, una petición verbal no requiere que el distrito o la escuela “chárter” respondan dentro del periodo establecido de los 15 días escolares.

Si el distrito o la escuela autónoma deciden evaluar al estudiante, deben completar la evaluación inicial y el informe de la evaluación dentro de los 45 días lectivos posteriores al día en que reciban el consentimiento por escrito de los padres para evaluar al estudiante. Sin embargo, si el estudiante se ausenta de la escuela por tres días lectivos o más durante el período de evaluación, dicho período se extenderá la misma cantidad de días lectivos que el estudiante haya faltado.
Existe una excepción al plazo de 45 días lectivos. Si un distrito o una escuela autónoma reciben el consentimiento de los padres para la evaluación inicial entre los 35 y 45 días lectivos previos al último día de clases del año, deben completar el informe escrito y proporcionarles una copia del mismo a los padres, a más tardar, el 30 de junio de dicho año. No obstante, si el estudiante faltaba a la escuela tres días o más durante el periodo de evaluación, no se aplica la fecha límite del 30 de junio, sino que se aplica el plazo general de 45 días lectivos más prórrogas por ausencias de tres días o más.

Al completar la evaluación, el distrito o la escuela autónoma deben proporcionar a los padres una copia del informe de evaluación en forma gratuita.

Hay disponible información adicional sobre educación especial del distrito o la escuela autónoma en el documento complementario titulado *Guía para padres sobre el proceso de admisión, revisión y retiro*.

Cada distrito escolar o escuela autónoma debe tener estándares y procedimientos en vigor para la evaluación y colocación de estudiantes en el programa de la Sección 504 del distrito o la escuela autónoma. Además, los distritos y las escuelas autónoma deben implementar un sistema de salvaguardas procesales que incluya una notificación, una oportunidad para que los padres o tutores examinen los registros relevantes, una audiencia imparcial en la que puedan participar los padres o tutores y en la que haya representación por parte de un abogado, y un procedimiento de revisión.

STUDENTS WITHDRAWING FROM SCHOOL

Students who are moving must be withdrawn from school and are required to complete paperwork, which includes receiving grades up to the date of checkout, clearance of accounts in the library, cafeteria, textbooks, and verification of immunizations. Please notify campus administration at least 24 hours before the last day of school for the student, so documentation can be collected.

TEXTBOOKS

State-approved textbooks are provided free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. A student who is issued a damaged book should report the damage to the teacher. Any student failing to return a book issued by the school loses the right to free textbooks until the book is returned or paid for by the parent. However, a student will be provided textbooks for use at school during the school day.

TUTORING

Tutoring sessions are available before, during, and after school. Computer-assisted instruction, group tutoring, and individual tutoring will be scheduled according to the student’s needs.

VIDEOTAPING

Students are occasionally videotaped or photographed by local news, print media, and school personnel for performances, showcasing work, or honorable mention. Forms for release of videotaping and photographs are part of the enrollment package. (See enrollment form at registration.)

VISITORS TO THE SCHOOL

General Visitors

Parents and others are welcome to visit District schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the principal’s office for authorization. Please be prepared to present a picture I.D. when you visit the campus.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher so long as their duration or frequency (up to 45 minutes) does not interfere with the delivery of instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted. Parents, visitors, or family members are not allowed to take pictures or videos of students during the school day, unless permitted by the district and all students have parent approval.
